- Length: 5.0 - 25mm (1.0mm / Step)
- Scope: 5.0mm-25mm
- Body Type: Vertical
- Spacing: 1.0-10mm(0.5mm/step)
- Specification: Packing , 64 X 81 X 131 Cm
- Lamp Longevity: 300,000 Shots (IPL)
- Energy Output: 0.1J-2.5J (0.1J/step)
- Highlight: **Lightweight Skin Firming Machine, HIFU Skin Firming Machine, Skin Firming Machine Customized**

Product Description

Customized HIFU Skin Firming Machine With Adjustable 5.0 - 25mm Range And 0.1J-2.5J Energy Output

Product Description:

Made from durable and lightweight ABS material, this vertical beauty machine is easy to use and can be adjusted to suit your specific needs. It features a range of spacing options, from 1.0mm to 10mm (in 0.5mm steps), allowing you to customize your treatment based on your individual skin type and concerns. Whether you're looking to reduce the appearance of fine lines, wrinkles, or other signs of aging, this HIFU anti-wrinkle device is a powerful tool that can help you achieve your beauty goals.

One of the key benefits of the HIFU Beauty Machine is its versatility. This device is suitable for use on all skin types, making it a great choice for anyone looking to improve the health and appearance of their skin. Whether you have dry, oily, or sensitive skin, this beauty device can help you achieve a smoother, more youthful complexion.

Another great feature of the HIFU Beauty Machine is its ease of use. With its simple, user-friendly design, this device can be used in the comfort of your own home, without the need for expensive salon treatments or appointments. Simply apply the device to your skin, adjust the spacing as needed, and let the HIFU technology work its magic.

Overall, the HIFU Beauty Machine is a powerful and effective tool for anyone looking to improve the health and appearance of their skin.

Whether you're looking to reduce the appearance of fine lines and wrinkles, tighten sagging skin, or simply achieve a smoother, more youthful complexion, this device is a great choice. So why wait? Order your HIFU Beauty Machine today and experience the benefits of this amazing beauty device for yourself!

HOW TO LIFT AND TIGHTEN SKIN WITHOUT SURGERY? 5D HIFU, THAT'S HOW.

5D HIFU non-invasive procedure that lifts the neck, chin and brow, and improves lines and wrinkles on the upper chest. Through the ultrasound imaging with Ultrasound energy is delivered precisely to the place where it will benefit you most—for natural-looking results that improve over time.

NATURAL-LOOKING AND NOTICEABLE

The proven results of 5D HIFU are clear, appearing over two to three months as new collagen works to lift skin on the neck, chin, and brow—as well as smooth skin on the upper chest. Results may improve over the following three to six months, and can last a year or more.

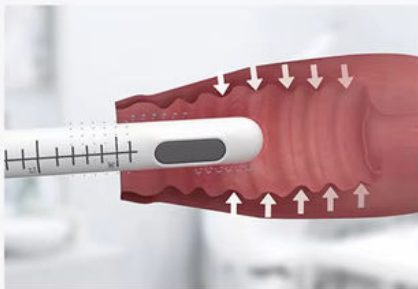

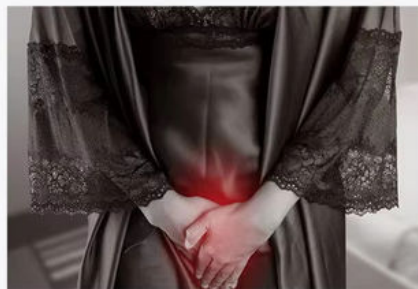

HOW MANY TREATMENTS DOES IT TAKE?

The majority of patients only need one treatment; however, some may benefit from more than one treatment, depending on how much skin laxity they have and their body's own biological response to the ultrasound and the collagen-building process. Follow-up HIFU treatments each year may help maintain results.

WHY WE NEED TO DO VAGINAL TIGHTENING?

REASON

As you age there is a natural loss of collagen and muscle tone. This may be experienced as a decrease in firmness of the vaginal tissue/canal. Childbirth can result in vaginal laxity or scarring, resulting in a larger vaginal opening. Strenuous exercise can lead to a weakening of the pelvic floor support muscles. Naturally decreasing levels of estrogen can lead to thinning and dryness of the vaginal skin. Ultimately this can result in a lack of bladder support and leakage of urine with exercise, coughing, laughing, or sneezing.

BENEFITS OF 5D HIFU 360° VAGINAL TREATMENT HANDLE:

- Increases Vaginal blood flow and lubrication
- Improves Symptoms of Stress and Urge Incontinence
- Improves pelvic floor strength and tone
- Enhances sexual arousal and orgasm
- Improves Aesthetic Appearance of External Genital Tissue

Features:

Product Name: HIFU Beauty Machine

Spacing: 1.0-10mm(0.5mm/step)
Supplier Info: Manufacturer
Material: ABS
Size: Portable
Length: 5.0 - 25mm (1.0mm / Step)
Keywords: Non-invasive Skin Tightening Beauty Device, HIFU Skin Tightening Device, Beauty Therapy Machine

Technical Parameters:

Lamp Longevity	300,000 Shots (IPL)
Scope	5.0mm-25mm
Input Voltage	AC100V-240V
Body Type	Vertical
Energy Type	HIFU (High Intensity Focused Ultrasound)
Length	5.0 - 25mm (1.0mm / Step)
Suitable Skin Types	All
Working Mode	Simultaneous / Independent Control
Energy Output	0.1J-2.5J (0.1J/step)
Specification	Packing , 64 X 81 X 131 Cm

This is a 3D HIFU Machine, suitable for home use as a beauty machine and HIFU skin rejuvenation device.

Applications:

The Hifu Facial Machine is ideal for use in a variety of different settings, including spas, salons, and clinics. It can be used to treat a variety of skin concerns, including fine lines and wrinkles, sagging skin, and uneven skin tone. The HIFU-3 is designed to be easy to use, with a simple interface that allows users to adjust the energy output and length settings to meet their specific needs. One of the key benefits of the HIFU-3 Beauty Machine is its ability to stimulate collagen production in the skin. This helps to tighten and firm the skin, giving it a more youthful appearance. The device is also highly effective at targeting specific areas of the face and body, allowing users to address their unique concerns. The HIFU-3 is CE certified, ensuring that it meets the highest quality and safety standards. It is also available for purchase with a minimum order quantity of 1 set, making it an accessible option for businesses and individuals alike. The price of the device is discussible, depending on the quantity ordered. The device comes in regular packaging and has a delivery time of 5-8 working days. Payment terms include L/C and T/T, and the device has a supply ability of 10,000 pieces per month. The HIFU-3 is a vertical device, with an energy output of 0.1J-2.5J (0.1J/step) and an input voltage of AC100V-240V. Its length settings range from 5.0-25mm (1.0mm/step).
